

1878

Buffalo hunters had come to Texas. They got \$3⁰⁰ each for the hide.

In 1878 about 100,000 buffalo were killed in Texas in two months (2 mo).

Native Americans needed buffalo to survive. They ate the meat and used other

parts of the buffalo to make everything
from clothing to rope. ~~They left~~

The buffalo hunters left the
animal's bodies to go to waste
1874 Quorn Parker & others led raids
against buffalo hunters. Kicking Bird,
a Kiowa chief, said that this was bad
for the Native American. In 1874 the U.S.
responded by sending 3,000 soldiers
to force Native Americans to stop and
move to reservations. The Teton bands
helped the Army. But a few groups refused
